We'll teach you the skills.

Advancing foot soldiers lead the way. The heavy firepower of the artillery backs you up.

And you're right in the middle of it all. At the helm of 50 tons of rumbling steel–commanding a big gun that can deliver an earth-shattering blow.

Your mission? To move in quickly. And take control.

Regardless of the terrain, it's the armor division that gets the job done.

It's an exciting place to be. But it takes responsibility. Hard work. And courage.

If you've got what it takes, you can be part of a fighting team that has its roots in the horse-soldiers and cavalry of yesterday.

Today's armor means striking power. Fast and mobile. You'll be part of a team that includes the gunner, loader and driver. You'll learn how to maneuver this massive vehicle on a dime. Fire off a round. Turn. And fire again. Making full use of your quick-thinking and technical know-how. Skills you'll learn from us.

But the toughness and courage need to come from you.

Just as important are the soldiers who maintain the tanks, and fine-tune everything from electrical to weapons systems.

In the Guard Armor units, you'll serve no less than two days a month and two weeks a year.

The experience is something you'll value a lifetime–the skills you gain are something that can help you in your civilian career.

We'll give you a decent salary, too. Financial assistance for college through the Montgomery GI Bill. Even a possible enlistment bonus. All together, benefits that can add up to over $18,000.

Add on PX and commissary privileges. Retirement benefits. Low-cost

life insurance. And limited space-available travel on military flights.

Where else can you find a part-time job like this?

If you've got what it takes, call 1-800-638-7600, or complete and mail the attached reply card.
